RE: Docket # 03-00242 – Request for Information

Dear Mr. Gaines:

We have the following responses to your letter of April 23rd requesting information.

1. Are there any utility districts located in or near the proposed service area?
If so, have they been contacted about providing wastewater service to the proposed service area?

There are no utility districts located in the proposed service area. The only utility district is located within 10 miles from the proposed service area but serves only the city limits of Alexandria.

2. Provide photocopies of any agreements from developers that have applied for service from your utility.

At the present time the developer has only made a verbal commitment. A copy of the written agreement will be submitted as soon as it is finalized.

3. Provide estimates of customer growth for the next three years.

Expected Customers:

2003 – 22 total
2004 - 52 total
2005 - 70 total

If you have any additional questions, please let us know.

Sincerely,

Charles Pickney, Jr.
President
